TravelPrepare

TravelPrepare is our interactive, online eLearning resource for business travellers. It gives employees the knowledge they need to travel globally, avoid risks and return home safely.

What is *TravelPrepare*?

Designed to address the ever changing risk landscape facing business travellers, the *TravelPrepare* eLearning fully accessible course provides pre-trip advice and tips to help employees travel safely.

You define the pass mark for users and can monitor both online attendance and results to ensure standards are being met.

The *TravelPrepare* eLearning course includes the following modules:

- Understanding the fundamentals of travel security awareness

- Protecting intellectual property on the move

- Avoiding involvement in bribery and corruption

- Coping with critical events such as natural disasters

- Staying safe as a female traveller
