

# Political and Natural Disaster Evacuations

**A fully indemnified evacuation service for political emergencies and natural disasters**

Crisis management and evacuations – ensuring the **safety** and **security** of your people

Drum Cussac provides rapid response in circumstances where government and infrastructure, overwhelmed by disaster or unrest, may have ceased to function effectively. Our in-country support and global network is highly experienced and works in conjunction with our UK-based 24/7 Global Operations Centre and our clients' nominated representatives to ensure a swift and successful resolution.

## Our service provides:

- Comprehensive global evacuation and repatriation for groups and individuals
- Coverage for a wide range of political emergencies including wars, civil unrest, rebellions, riots and terrorism; plus evacuation from areas touched by natural disasters such as earthquakes, volcanic eruptions and tsunamis
- Access to our highly experienced in-house crisis management and emergency response experts and security analysts
- A network of local in-country emergency response teams and security professionals throughout the world, providing a trusted, reassuring service in emergency situations

## Comprehensive global evacuation service

Situations can change from safe to potentially life threatening with startling speed. Anything from war and terrorism to natural disaster could mean your people may need to leave an area or country quickly. Providing a comprehensive evacuation and repatriation service combined with world leading security expertise, we return people to safety from trouble spots around the world.

## Experienced security experts

Our security evacuation teams have vast experience in extracting travellers and personnel from emergency situations where their safety is compromised or the area made uninhabitable. Our trained in-country experts work closely with our 24/7 Global Operations Centre providing a trusted, reassuring service in emergency situations.

## Comprehensive service at a low cost

In the event of an evacuation, costs can soon spiral. Our service ensures all necessary expenses are covered with no additional financial outlay for you, the client. The service covers the specified costs of an emergency evacuation, such as transport to the nearest 'safe haven' under security escort and then on to the traveller's home country if required. Other expenses can also be included for relocation, personal effects, personal accident and return of mortal remains in the event of a death. With the indemnified service costed on a per trip/per head basis, it provides peace of mind at an extremely low cost.

## A robust rapid reaction plan

The world can change in an instant. Our dedicated teams of specialists ensure that clients have 24/7 advisory, emergency and crisis support during incidents or periods of heightened insecurity.

Whilst impossible to predict the future with certainty or to prepare for every eventuality, we have vast experience in managing the risks that may threaten travellers. Delivering risk, security and crisis management solutions to leading international organisations, our specialist operations teams are recognised experts in providing a highly responsive and proactive resource in challenging and demanding situations.

## The Travel Risk Management and Security Specialists

Our solutions and services help to protect people travelling or located anywhere in the world. From our intelligence services and expert crisis management training; our travel apps and tracking platform; through to our 24/7 manned Global Operations Centre, we are with our clients through every key stage of their travel and risk management journey.
